

Software Installation and Licensing Guide

Thank you for choosing Novo Tech geotechnical applications! In this document you will learn how to install and activate your software. Please simply follow these steps:

1. Uninstalling the Current Version

First, please make sure that you have installed the latest version of the software. To do this, you need to first uninstall your current trial version of the software. Please click [Start](#) > [Control Panel](#) > [Add or Remove Programs](#) and then click on [Remove](#) button on the corresponding item in the list:

2. Installing the Latest Version

Then, please download and install the latest version of your software directly using the following links:

Program	Download Link
NovoSPT	http://www.novotechIran.com/downloads/NovoSPT.zip
NovoLiq	http://www.novotechIran.com/downloads/NovoLIQ.zip
NovoCPT	http://www.novotechIran.com/downloads/NovoCPT.zip
NovoFormula	http://www.novotechIran.com/downloads/NovoFormula.zip
LateralK	http://www.novotechIran.com/downloads/LateralK.zip
VisLog	http://www.novotechIran.com/downloads/VisLog.zip
BeamProps	http://www.novotechIran.com/downloads/BeamProps.zip

When the ZIP file is downloaded on your computer, uncompress the file and execute **Setup.exe** file to install the software.

Software Installation and Licensing Guide

Note: Our software is designed for 32-bit operating systems and some features may not properly work under 64-bit operating systems (such as Windows 7 64-bit). Please completely test the functionality of the software on a 64-bit OS before requesting a license file.

3. How to Make the Payment?

To obtain your license file and unlock all the features of your software, you need to purchase a license of the software. Your payments are processed through our secure online payment system via PayPal which supports Visa, MasterCard, American Express and more (you do NOT necessarily need a PayPal account to pay through [PayPal](#)). If you prefer other methods like wire transfer or check, please [contact us](#), otherwise you can [make your payment here](#).

4. How to request a license file?

When you installed the latest version, click on:

[Start](#) > [Novo Tech Software](#) > [{software name}](#) > [Licensing](#) > [Order Your License Here!](#)

This will show the following dialog box which walks you the license order process. Please fill in all the required fields. You have now two options for requesting your license:

Novo License Order

This program is used for requesting your license file, when you completed your purchase. Please fill in the following form and press:

"Save Order File!" button; this will generate a file on your hard disk containing your order information. Please email this file to support@novotechsoftware.com
OR
"Submit Online Order" button; this will automatically send the information to our server (needs internet connection)

In either case, you will receive a license file within 1 business day.

I have made my payment and I want to request my License file

I have my License file and want to activate my software

Buyer

Hardware ID: 3CA3-52FB-BA34-5220-1B38

Full name: John Smith Company: XYZ Engineering Inc.

Software Installation and Licensing Guide

a. Save Order File

This option comprises of sending a file to Novo Tech support by email. Press the [Save Order File!](#) button. This will create a file named "**Order.nlo**" on your computer. To obtain more instructions regarding this dialog box, please click on [Help](#) button on bottom-right corner of the page. Please then email your "**Order.nlo**" file to support@novotechIran.com

b. Submit Online Order

Using this option, a request is automatically sent to our support team. Please enter all required information and make sure you have an internet connection; then press [Submit Online Order](#) button. This will take a few moments and you will receive a confirmation message.

In either case, you will receive your license file within 24 hours.

5. How to use the license file?

After receiving the license file, there are two options to activate your program:

1. If you are still within the 14-day evaluation period, please click on [Help](#) > [License Manager](#) menu from your software. On this page, please click on [Locate Your License File](#) button and locate the license file on your computer. This will simply copy the license file into the installation folder.
2. If your evaluation period is expired, please copy the license file into the installation folder manually. By default, the installation folder is similar to the following path:

C:\Program Files\Novo Tech Software\{software name}

Note: If you are running your software under Windows 7, then Windows may not allow the software to copy the license file (because of security provisions with Windows 7). In this case please copy the license file into the installation folder manually.

Please notice that your software is activated on this computer only. To activate the software on another computer, you need to buy another license. Alternatively, if you need to transfer your license to another computer, follow the following steps:

- 1- Contact us to coordinate for a license transfer
- 2- Then, from [Help](#) > [License Manager](#) page, De-activate your software on original computer
- 3- Follow the above-mentioned steps to activate your software on new computer

For more information please see [this page](#).

6. Congratulations!

Your software is now running as full version on this computer. Please do not hesitate to contact us at support@novotechIran.com should you have any questions or need more assistance.
